- 3.4 Groups of young people from youth organisations and schools from within Carlisle have traded at all three markets: Carlisle Youth Zone, The Rock Youth Project and James Rennie enterprise group. Young people from each of these organisations were supported by youth workers and teachers when planning and preparing products to sell on their stall, as well as attending with the young people on the day.

- 3.17 **Cumbria School Games** – 5 county events (all panel areas were covered) took place in early 2023. 1,044 participants were involved as well as 175 young leaders. Planning is well underway for this year's events.

Local Focus Hub Update

- 3.19 The purpose of the Local Focus Hubs (LFH) is to coordinate partner agencies, establishing clear and productive relationships with key partners from statutory, secondary and third tier and voluntary groups. The aim of the LFH is to:
- Improve community safety and tackle difficult and long- term problems where a single organisation has explored all options and requires a partnership approach.
 - Lead on community safety initiatives and reduce the fear of ASB and Crime.
 - Identify emerging trends and look at initiatives to prevent and reduce ASB and Crime in partnership and collaboration.
- 3.20 There are three established Local Focus Hubs in Cumberland Council. Each geographically aligned with the neighbourhood policing teams of Carlisle and Wigton, Derwent and Esk. Each hub is based in co-located offices with easy access offering partners the opportunity to work and collaborate with LFH staff.
- The Carlisle LFH is situated on the ground floor of the Civic Centre and shares an office with the Enforcement Team. Each LFH has a Police officer Hub Coordinator allocated, who is responsible for the day-to-day management of referrals received from partners.
- 3.21 **LFH Operating Model** - Problems are referred into the hub by any partner agency signed up to the information sharing agreement. A referral can relate to an individual, a family, a business, or organisation. The issue referred could be concerning crime and disorder, health and wellbeing, environmental, housing and many other areas of work.
- 3.22 There is an online referral form containing a series of risk assessment-based questions which produce a grading. Each referral is then managed through an established problem-solving model.
- 3.23 **LFH Partners** - Each Hub manages referrals in the same way, with each having slightly different partners depending on the needs of the community. The LFH manager works alongside the neighbourhood policing team's Inspector which provides a lead on collaborative partnership work with:
- Community Sergeants, Community Beat Officers, Police Community Support officers, Child Centred Policing Teams, Police Mental Health team, Youth offending and Crime Prevention.
 - Cumbria Fire and Rescue, NHS Services including Addiction and Mental Health services, Multi-Disciplinary Teams (Vulnerable service users living in the community), MARAC (Multi-agency risk assessment conference), Environment Agency, British Transport Police, Immigration.

- 3.39 Cumberland Council we are reviewing the waste collection services and are inviting feedback to help meet the needs of the residents.

- 3.40 The government is introducing a system called “Simpler Recycling”. This means that Local Authorities are required to collect glass bottles and jars, tins and cans, household plastics such as bottles, tubs and trays (including flexible plastics e.g. crisp packets, biscuit/chocolate wrappers, film, bread wrappers), cartons, paper and cardboard, garden waste and food waste from the kerbside.
- 3.41 In addition, residents are being asked what other items could be collected from the kerbside to make recycling of all household items as simple and easy as possible.

Cumberland Care Review

- 3.43 The Cumberland Care Review will look at the Council’s in-house care service, Cumberland Care, to make sure provision continues to deliver sustainable, high-quality care and support for the people of Cumberland. The review will make sure there is appropriate provision which is the right size and shape to meet the needs of our residents.
- 3.44 Part of this review is a consultation into the proposal to close Moot Lodge, a residential care home providing care for up to 18 people in Brampton which currently accommodates 14 residents. - 3.45 This is a public consultation, and all members of the local community and wider residents of Cumberland are encouraged to have their say. Responses are welcomed from any individual or group with an interest in this issue. Those receiving care and their family members are being supported and encouraged to have their say on the changes.
